# Fine Stoneware. Made in Portugal.

At COSTA NOVA we create unique and sustainable stoneware collections made from the best local clays.

At our factories in Portugal, the ancient skills of modeling and decorating are combined with modern technology in a special process that produces high-quality fine stoneware products capable of withstanding everyday use over many years. Manufactured in a single firing system heated up to 1180 °C (2160 °F) our stoneware is very strong and durable. Its glazed surface is fully vitrified, giving it high resistance to high resistance to both thermal and mechanical shocks.

## *Craftsmanship*

Our stoneware collections are made by the hands of skilled artisans in ceramic craftsmanship, one of the oldest traditions in our country. Each one of our pieces tells a story of labor and love. They are truly unique.

## *Authenticity*

All COSTA NOVA fine stoneware products are hand-finished which provides them with a unique character. Any irregularities, color variations, or small imperfections shouldn't be considered defects, but unique marks of authenticity.

## *Sustainable ceramics. Sustainable industry.*

We commit ourselves daily to protecting the environment, and avoiding unnecessary harm through the resources we use and the products we manufacture. Our products are made from the best natural resources in Portugal at one of the most environmentally-friendly facilities in Europe. They are eco-friendly, reusable, and recyclable.

## *Care for stoneware*

Not all stoneware is created equally. In fact, there is no standard, universal definition of stoneware, and the word is frequently misused to describe other ceramic products.

### OVEN, FREEZER, AND MICROWAVE SAFE

All pieces manufactured in fine stoneware have high thermal shock resistance, withstanding temperature variations between -20 °C and 250 °C (0 °F to 500 °F). The maximum thermal variation advised is 180 °C (350 °F). All stoneware products can be safely used in the oven, microwave, and freezer. As a precaution, you should avoid placing pieces straight from the oven on a cold surface. Do not use it over a direct flame. Avoid the use of products with craquelée surfaces such as Cristal (grey), Elements (Algarve and Lomo), Lisboa, Madeira, and Riviera in the oven and freezer.

### DISHWASHER SAFE

All our pieces are easy to wash and clean and abrasive cleaners can be used without the risk of damaging the surface due to their high durability and low porosity. Most items can be washed daily in the dishwasher. To ensure the items last longer we advise you to make sure that no item rubs or bumps against another during the wash cycle, preventing damage. As a precaution, we recommend you wash oversized items and more delicate pieces by hand. 18-Karat gold-rimmed (Augusta) and PVD gold-coated (Riviera) stoneware items:  
Not oven, microwave, and freezer safe.  
Hand wash recommended.

### FOOD SAFE

All COSTA NOVA products meet the standards established by International Standards including the US Food and Drug Administration (FDA) concerning lead and cadmium. They are food safe.
